CAREER OBJECTIVE

Curious Java Full Stack Developer dedicated to engineering scalable applications, turning complex problems into elegant solutions, fostering collaboration, and growing through innovation, ownership, and lifelong learning.

EDUCATION

B.E. - Computer Science and Engineering, Knowledge Institute of Technology, Salem 2023 - 2027
CGPA: 8.888 / 10 (Across 6 semesters)
Merit Scholarship Recipient
HSC - 12th, Government Boys Higher Secondary School, Vennandur, Namakkal 2022 - 2023
Percentage: 93.83%

SKILLS

- **Programming Languages:** Java
- **Frontend:** HTML5, CSS3, JavaScript
- **Backend:** Spring Boot, REST APIs
- **Database:** PostgreSQL
- **Tools & Platforms:** Git, GitHub, pgAdmin 4, Postman, VS Code, Vercel, Render
- **Soft Skills:** Adaptability, Leadership, Team Management

PROJECTS

ResolveR - Student Complaint Management System

- Engineered a full-stack complaint management system using Spring Boot, React, PostgreSQL, and REST APIs with role-based complaint routing and status tracking.
- Implemented student feedback verification before complaint closure and deployed the application using Vercel and Render.
- Live Demo - <https://resolve-r-frontend.vercel.app/>
- GitHub - <https://github.com/Elango-Kannan-00/ResolveR-Backend>

NeerMai Valam – Equitable Water Distribution System

- Developed an IoT-based smart rural water distribution system to ensure fair water allocation, real-time monitoring, and water conservation.
- Assisted in integrating and wiring hardware components, including Raspberry Pi, flow meter, solenoid valve, and IoT sensors, for prototype development and testing.
- GitHub - <https://github.com/Elango-Kannan-00/NeerMai-Valam.git>

LEADERSHIP AND COMMUNITY ENGAGEMENT

- Led cross-functional teams in IoT and Web Development projects.
- Represented KIOT as the **GeeksforGeeks Campus Ambassador** (Campus Mantri), organizing technical initiatives and fostering student participation in coding activities.
- Led communication between students and faculty as the **Class Representative**.
- Contributed to **community awareness initiatives**, including environmental conservation, public health education, and AIDS awareness campaigns through digital and social media outreach.

ACHIEVEMENTS

- Qualified as a **Finalist** in the Entrepreneurship & Leadership Development (ELDP) Bootcamp conducted by Moonshot Junior Inc.
- Secured **Finalist** position in the Descience Open Source Club Hackathon.
- Received the **Achiever Award** for Academic Year 2025–2026.
- Recognized as the **Academic Topper** during the First Year at the department level.
- Ranked among the **Top 500** participants in Niral Thiruvizha 3.0 and received Rs. 15,000 in funding.
- Won **Second Prize** in the Zonal Level Athletic Sports Meet.
- Earned **Second Prize** in the District-Level AIDS Awareness Reels Competition.
- Achieved **Third Prize** in the Zonal Level Hockey Tournament.

CERTIFICATIONS

- Introduction to Industry 4.0 and IIoT – NPTEL
- Fundamentals of DevOps – HCL GUVI
